- “VPAS senior transportation is my *Get Out of Jail Free* card.”
- “Without your help and guidance, seniors like myself and my husband would not be able to navigate the ever-changing complexities of annual enrollment for the various Medicare programs, not to mention other forms of elder care. Thank you for the essential senior services you provide.”
- “I am very grateful for the new air conditioner you got me as it is in my window and cooling my room. I am also grateful for the box of food I get once a month and the senior center, where I enjoy the people and the activities.”
- “I appreciate your help so much. You are now a part of the little chain of people that makes my life possible.”

The Greatest Needs

By 2030, nearly 1 in 3 local residents will be 60 or over.

1 in 6 face the threat of hunger and need access to nutrition.

Senior transportation to medical appointments and other destinations is a critical need. VPAS does not have sufficient resources to fully meet the demand.

Meeting The Needs Together

With your help, we're working to make a difference. Local governments, grants and our generous community provided \$849,021 of our annual expenses of \$2,641,206. Federal and state governments fund the remaining 68% of VPAS services.

Need statements are for entire VPAS service area. Most recent audit and Federal Form 990 available upon request.
